

Calling all *Math-a-Musicians*

Learn the basics of Garage Band to
create your own masterpiece!

Piano
Guitar
Violin
Drums
And More!

*Grab an iPad get
ready to let your
creativity shine!*

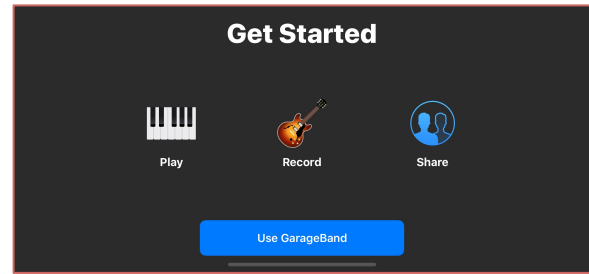

Getting Started:

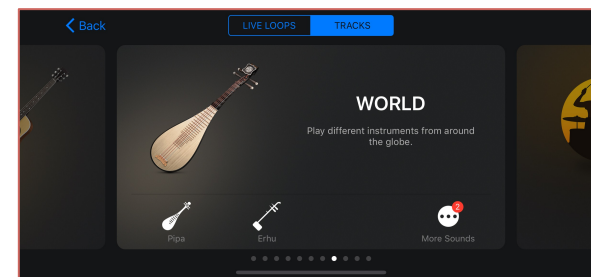

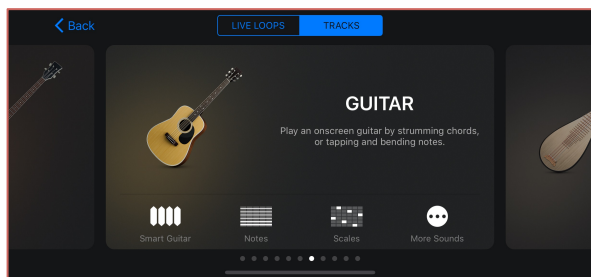

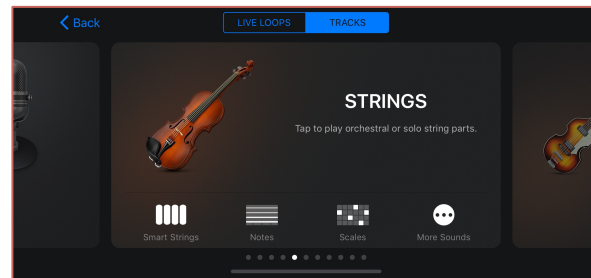

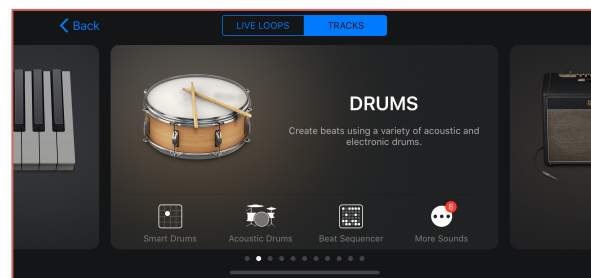

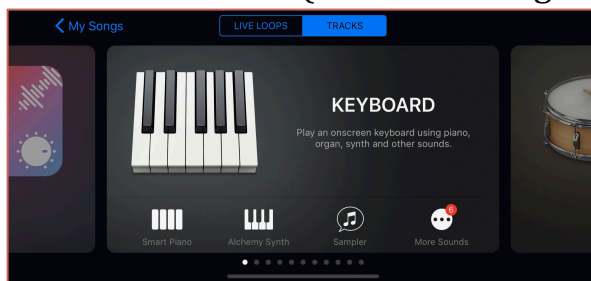

Open the GarageBand App

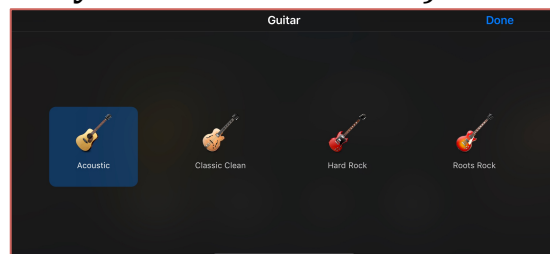

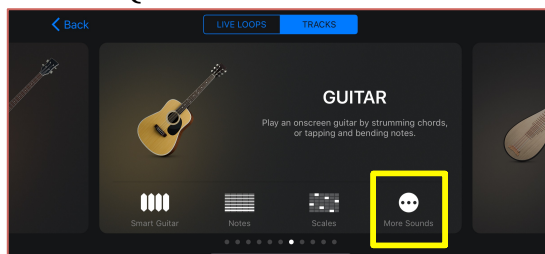

Select: "Use GarageBand"

Select your instrument of choice:
(Scroll left & right for numerous options)

(Select "More" for different styles of instruments)

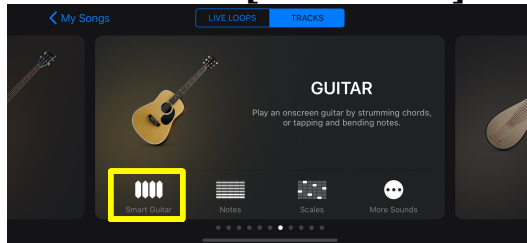

Choose your method of playing:

Smart Instruments – Gives inspiration with pre-recorded melodies

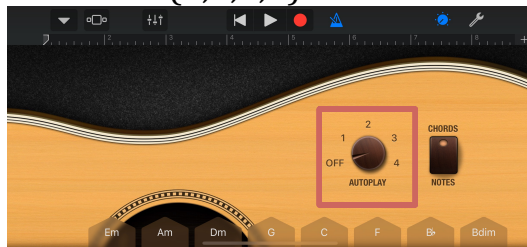

Notes – Create your own melody from scratch

Smart Instruments:

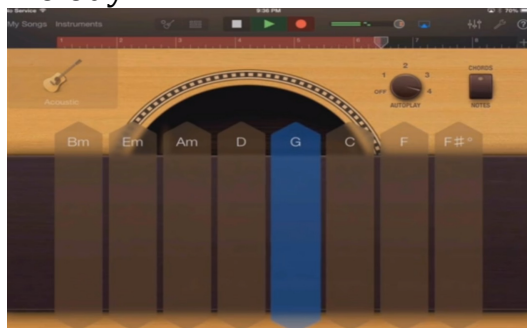

Select: “Smart [instrument]”

Adjust the **Dial** for different melodies. (1,2,3,4)

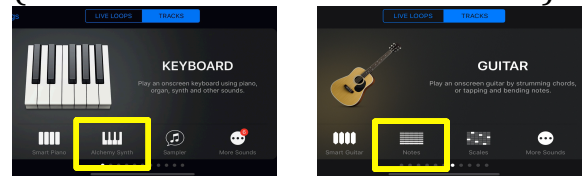

Select different notes by clicking the **bars** to change the sound of each melody.

Notes:

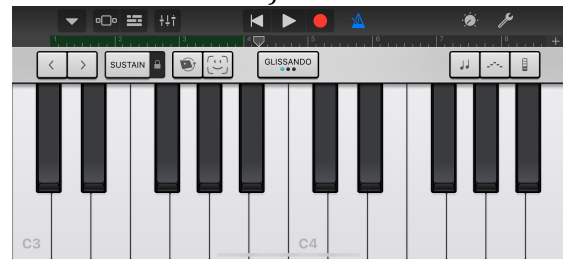

Select: “Alchemy Piano”

(or “Notes” on other instruments)

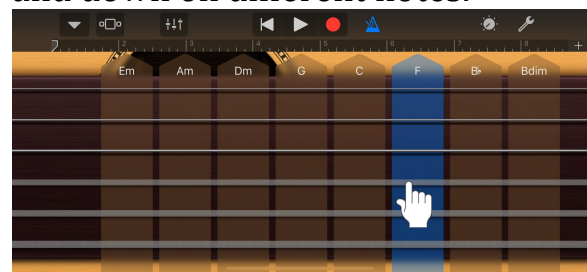

Piano: Press the keys to play.

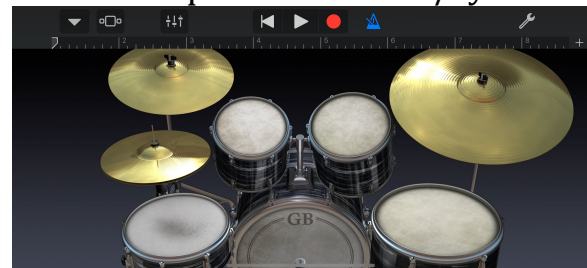

(Note: you can press multiple keys at one time to make chords)

Guitar: Strum by moving finger up and down on different notes.

Drums: Tap on each drum/symbol.

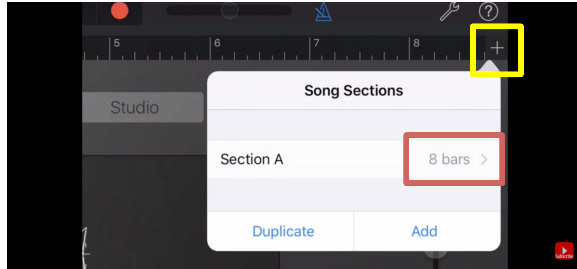

Recording your piece:

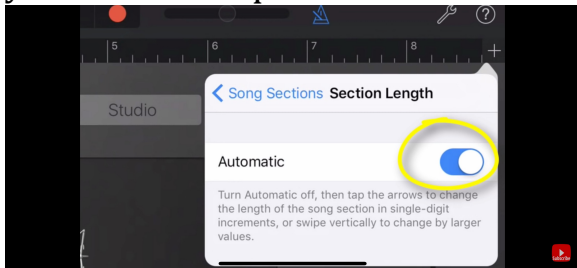

Amend how long you record:

(default = 8 bars)

Click the “+” in the top right corner.
Select “8 bars” to amend.

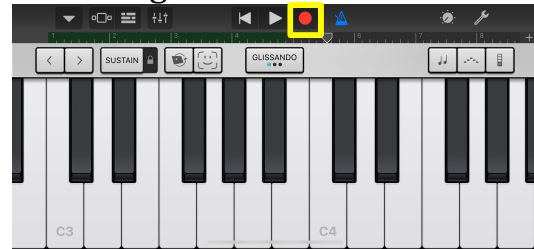

“Automatic” will let you play until you tell it to stop.

Recording:

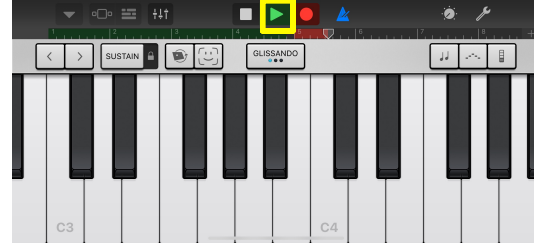

Click the **Red button** to begin recording.

Recording will stop after the number of bars selected has passed.

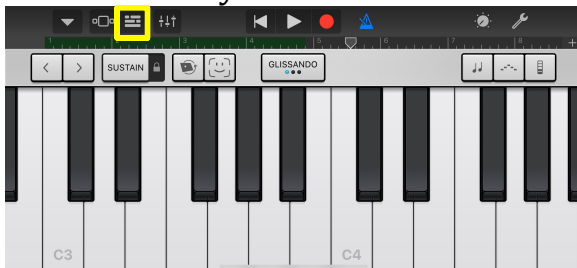

OR

Click the **Play button** to stop.
(if on Automatic)

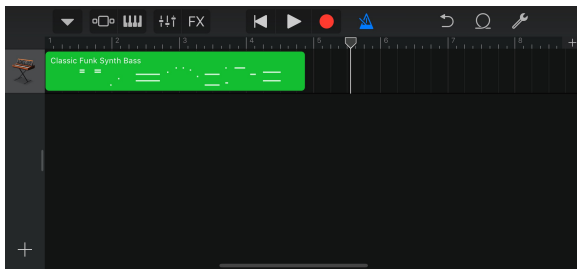

View your recording:

Click the **Bars** in the top left corner to view what you have recorded.

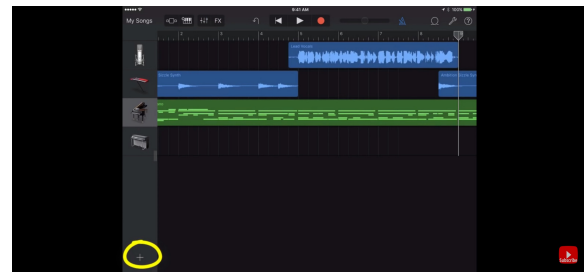

This will pull up your recording.

Add to your recording:

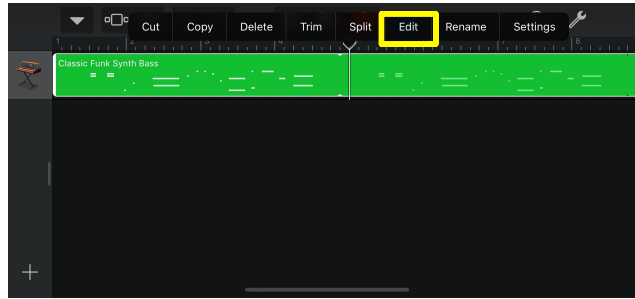

Click the “+” in the bottom left corner to add more lines and different instruments.

Amending your recording:

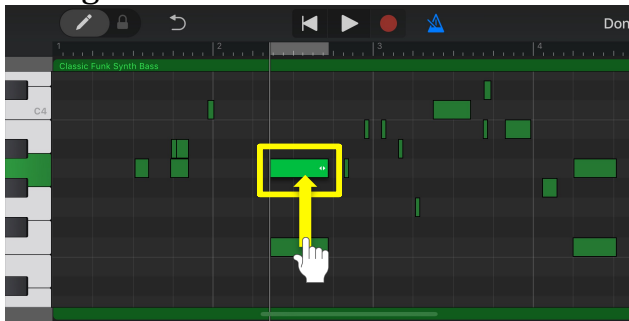

Double click on the segment.

Click "Edit".

Amend Notes:

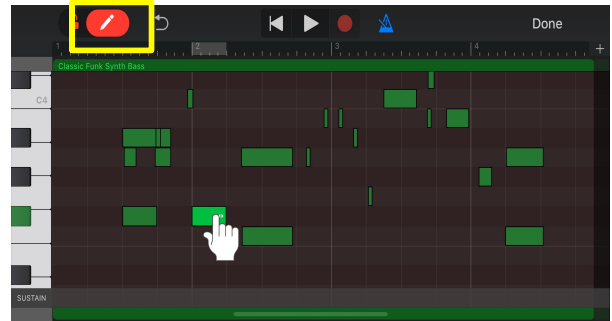

Click and drag specific notes to change the sound.

Add Notes:

Click the **Pen** in the top left corner

Click anywhere to add new notes.

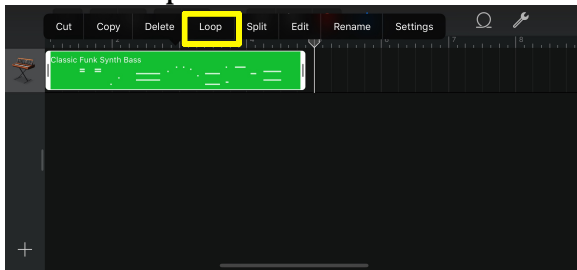

Drag the end of any note make longer or shorter.

Loop:

Repeat a recorded segment

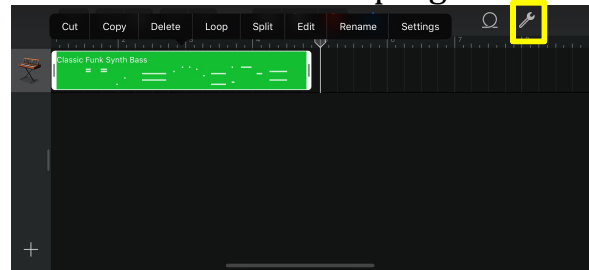

Click "Loop".

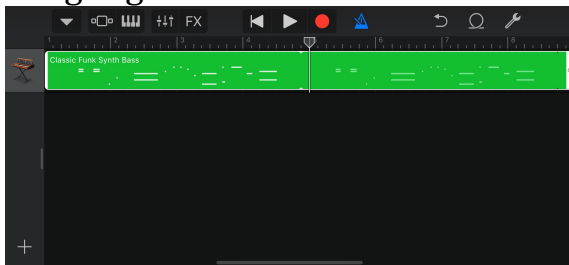

Tempo:

Amend the speed of your song

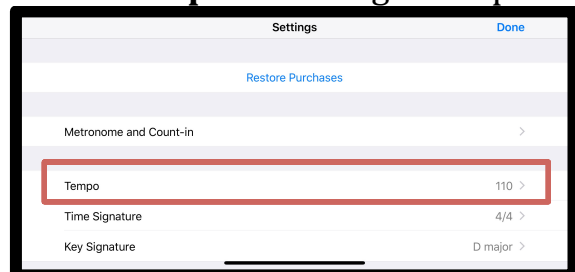

Click the **Tool** at the top right.

Song segment will double.

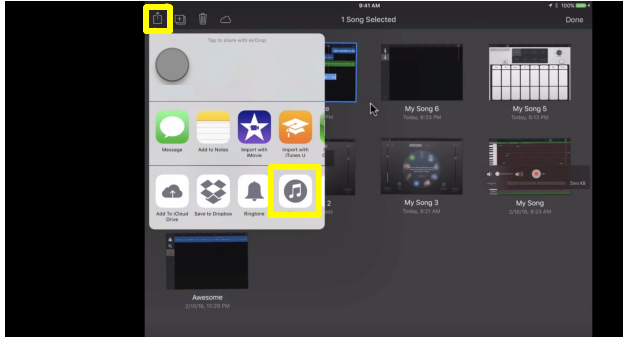

Click "Tempo" to change the speed.

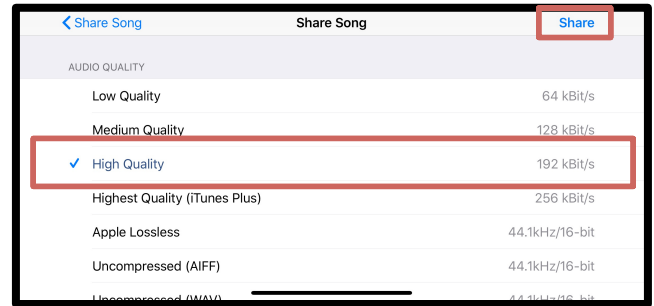

Saving your song:

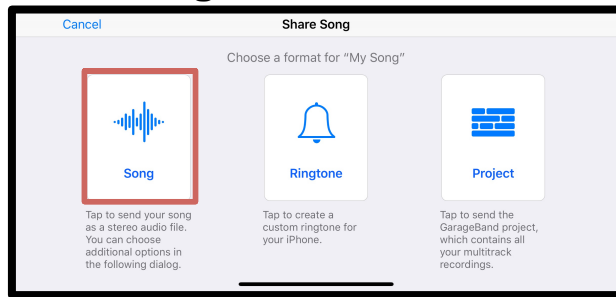

Select the **Send** icon at the top left.
Select: **"iTunes"**.

Select: **"High Quality"**.
Click: **"Share"**.

Select: **"Song"**.

Congratulations!

Your song has now been saved and is ready to be played
